## Damper Actuator Pack, Model MP100A, Rated for 460V

---

Series MP-100 is a damper actuator pack used to convert the WD-100 horizontal mount backdraft damper to motorized operation. These versatile motor packs feature power opening with spring return. The springs also provide damper closure in the event of electrical failure. MP-100 motor packs are supplied with mounting hardware, assembly instructions and actuator arms for either single or double panel installation. Rated for 460V. UL listed.

### Características de funcionamiento

---

No hay curva del ventilador disponible.
