Damper Actuator Pack, Model MP200A, Rated for 24V

Model MP-200A is a damper actuator pack used to convert the WD-200 series backdraft damper to motorized operation. These UL listed motor packs use single phase 60hz shaded pole stall type impedance protected electric actuators. MP-200A is supplied with mounting hardware, assembly instructions and actuator arms for either single, double, or triple panel installation. Rated for 24V.

Performance Characteristics

No Fan Curve Available.
